To the Student Body and Staff--

The fine work being done in your school bespeaks the success of your efforts. Nothing is more rewarding to a school administrator than to see and know that the school is fulfilling its purpose-- Education for Life's Work.

I look with pride and much satisfaction upon what has been done during the past fifteen years of professional association with you. Since the time has arrived for me to turn over to someone else the helm of this administrative task, my sincerest hope and deep prayer is that my successor may have that GUIDANCE to steer the educational ship into seas of greater accomplishments.

Yours for many, many more great school years that lie ahead!

Editor's Note

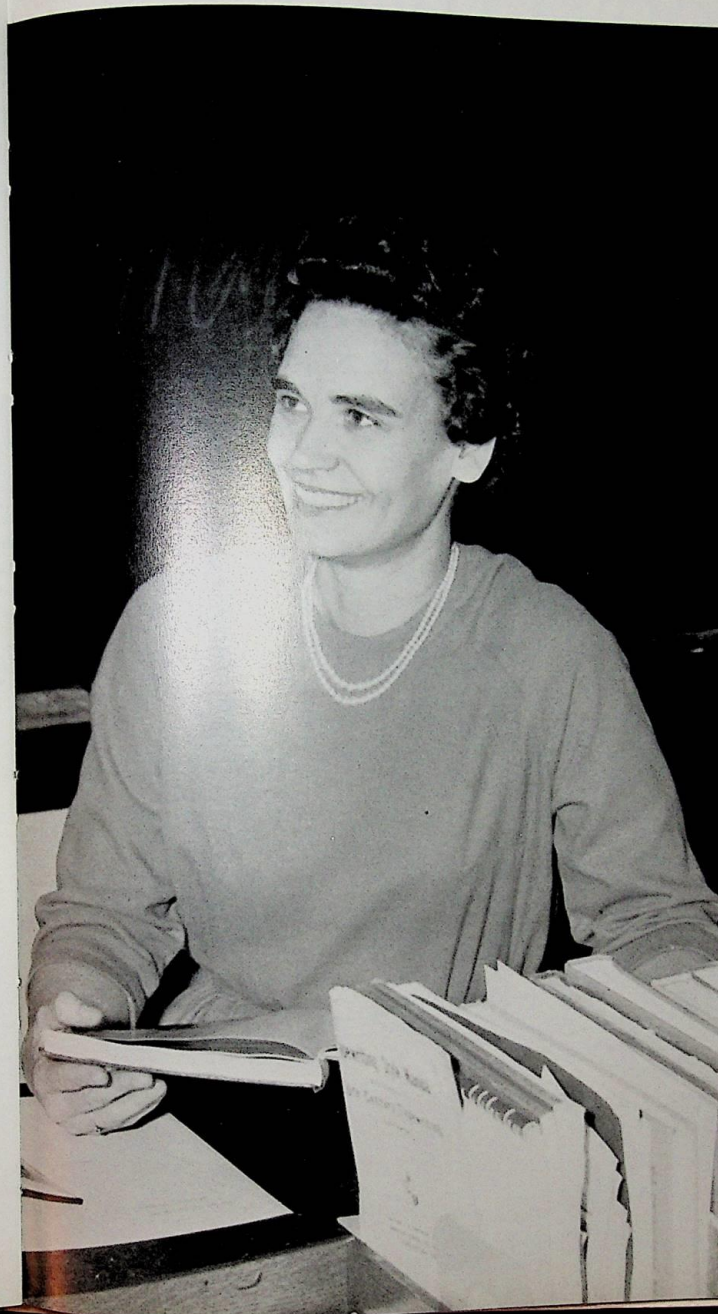

We, the Annual Staff, have tried to immortalize the school year of 1964-65 in pictures. Our aim was to bring to remembrance the hopes, joys, triumphs, and sorrows of this year.

I wish to thank Mrs. W. E. Middleton, our sponsor, without whom there could be no Boll Weevil. Also a very special thanks goes to Ginny Kay Shirley, our art editor. Most of all, I want to express my appreciation to each member of the Annual Staff who gave so freely and unselfishly of his time to make this annual possible.

Dedication

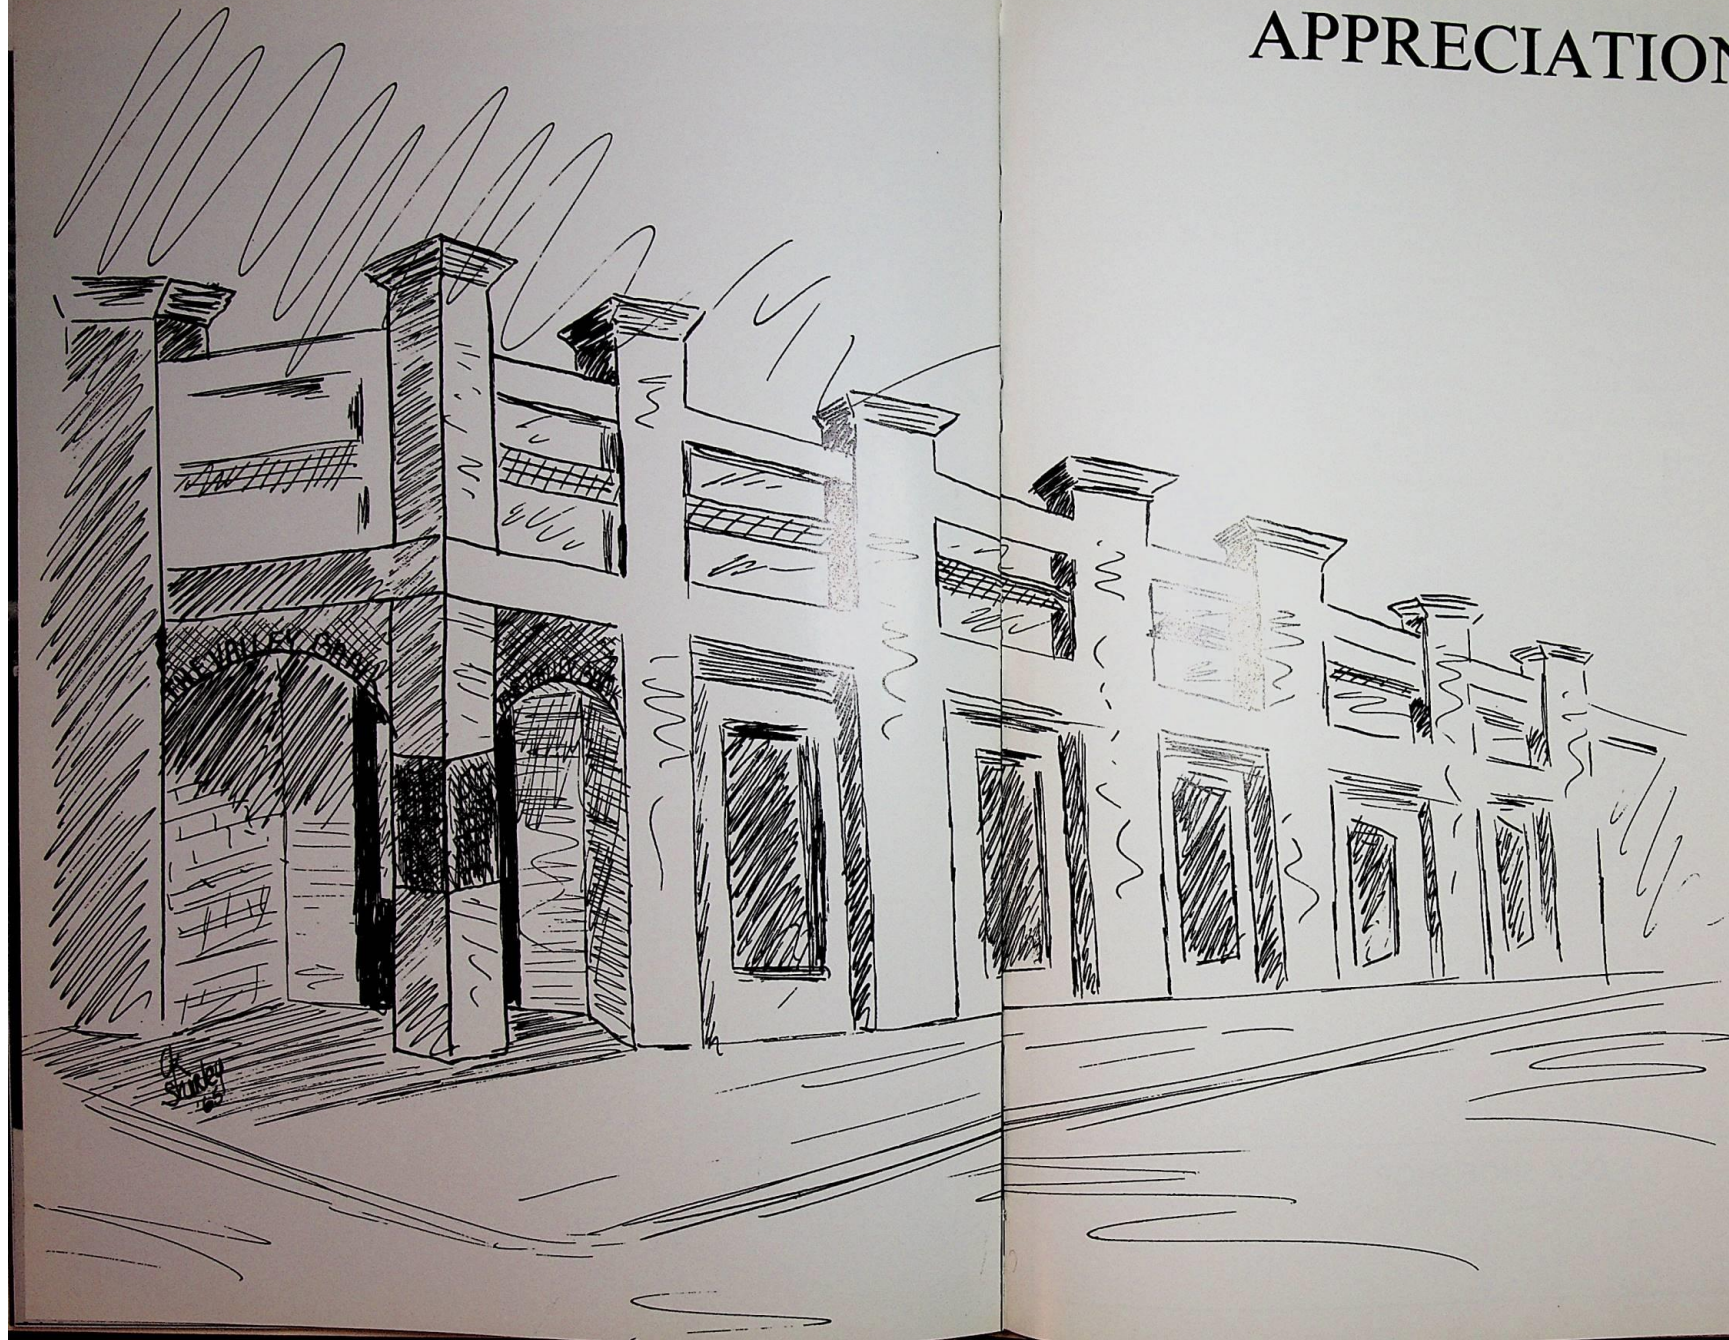

The 1965 Boll Weevil is dedicated to someone who stands as an ideal to all of us, both faculty and students. We, the Annual Staff, take great pride and much joy in paying tribute to our sponsor, Mrs. W. E. Middleton.

Mrs. Middleton has made many improvements and contributions to our yearbooks. She also possesses the qualities which go to make up a truly fine teacher.

Because she gives unselfishly of her time and herself to all those with whom she comes in contact, all of us dearly admire, love, and respect Mrs. Middleton. She has made her life a credit to our school and her profession.
