**L**ARGE MAPS of Mississippi and Alabama, shewing the Public and Indian Lands, reservation, land districts, townships, &c. engraved from the government surveys and plans in the general land office, Washington city, by E. Gilham, Draughtsman in the General Land Office.

F. Taylor, book seller, Washington city, has just published (and secured the copy-right according to law) the above Maps, which will be found infinitely more complete and accurate than any heretofore published. They are published on separate sheets, each containing nearly six square feet and will be found especially useful and valuable to those interested in the lands of either State, as they show every item of information which is in possession of the land office relative to water courses, township lines, Indian land reservations, land districts, &c. and will be found perfectly accurate and complete in these points. They can be sent by mail to any part of the United States, subject to freight and postage. Price two dollars, or three, if sent by mail. They will be sent by mail for \$5.00. A discount will be made for travelling agents, or for any who will buy to sell again.

Editors of Newspapers, any where who give the above advertisement, enclosing this notice) one or two insertions, shall receive, by return mail, a copy of each sheet, and a copy of the paper containing the same.

**MILES' COMPOUND EXTRACT OF TOMATO,**

A SUBSTITUTE FOR CALOMEL,  
**THE ONLY GENUINE TOMATO PILLS,**  
 RECOMMENDED BY MANY PHYSICIANS.

*Its particular action and use.*  
**I**TS action upon the system is very general, no part escaping its influence; it is, however, upon the secretions and excretories that its great power is particularly manifested; from this it will be seen to have a direct effect upon the biliary organs, and to be particularly adapted to the treatment of *bilious fevers, and other diseases where a torpidity or congestion of the liver and portal circle prevail, hence the great success that has attended its administration in liver affections and dyspepsia, and diseases of the stomach and bowels generally.* Being diffusible in its operation, it produces a free circulation in the vessels on the surface of the body accompanied by a general perspiration.
