most profitable weekly Printing Office in
the State, and has an increasing patronage of
the most lucrative character. Its advertising
columns, for the past two years, will evidence
its immense revenue. This is perhaps the
most fertile Cotton region in the State, and
this is now no doubt one of the richest Coun-
ties in Mississippi, and in a few years will
ship more Cotton than any County in the
State. The patronage which the office has
enjoyed must continue for several years, as
the laws of the late Legislature, instead of
shortening the time of the payments of debts,
has so arranged it as to require that property
shall be advertised now *twice*, when it was
formerly but *once*, and hence to extend the
time of paying debts.

It were a useless waste of time for us to
indulge in a lengthy description of the ad-
vantages to be derived from a purchase of
this office, as purchasers can best judge for
themselves by calling upon either of the
undersigned, and examining the same in
person.

producer of one hundred and eight dollars. It
has also been proved that the children and fe-
males of any farmer's family can, with the
greatest possible ease, produce from fifty to a
hundred pounds of silk every year, without any
cost whatever to the expenses of the farm after
the trees are planted, and therefore, that the whole
amount of silk will be so much clear gain,
say from \$225 to \$450. With these facts we sub-
mit to an intelligent people whether it is not a
great and an important object for them to in-
duce the culture of silk in every farmer's family
in the Union. To enable all our farmers to
make silk, the Journal of the American Silk
Society was established, it contains plain practical
directions for cultivating the trees, feeding
and rearing silk worms, reeling the silk, and
preparing it for market, &c. besides all other in-
formation that can be required to enable any
person to enter upon the business, either on a
large or small scale. Every friend of his coun-
try, into whose hands this paper may fall, will be
doing a patriotic and a philanthropic's work by
inducing his friends and neighbors to enter their
name upon the list of subscribers.

The Journal of the American Silk Society
is published monthly, in pamphlet form; each
number contains 32 octavo pages, printed on new
type and handsome paper with a printed colored
cover.
