WHIG MEETING IN CHULAHOMA

At a meeting of the Whigs of Chulahoma and surrounding country on Tuesday, the 16th ult., for the purpose of forming themselves into a Tippecanoe Club.

The Hon. Thomas Lane was called to the Chair, and Col. Thornton Davis appointed Secretary.

After the object of the meeting had been explained and some short discussion it was

Resolved, That the Chair appoint the following gentlemen:—Wm. McEwen, Thornton Davis, Thomas Lane, Thomas B. Coleman, John Williams and C. S. Bowen a committee to solicit contributions for the purpose of procuring newspapers and public documents in aid of the object of this meeting and the following gentlemen—Wm. McEwen, Thomas Lomax, Thomas B. Coleman and Wm. B. Spinks, a committee who shall make a report to the next meeting of the Club to be held at Chulahoma on the 23d inst., whereupon, the meeting adjourned.

On Tuesday the 22d June the club met and the committee who had been appointed for that purpose submitted the following preamble and resolutions, which after a few stirring remarks by Thomas B. Coleman and Wm. B. Spinks, Esq. were unanimously adopted:

Whereas, we have seen with regret the downward impetus of public confidence in the institutions of our country and we believe it has brought upon us by those who are holding themselves out to the people as the true democratic party of this government, when in fact, we believe that the true spirit of democracy has been by them long since wholly overlooked and disregarded.—We see confidence impaired in all the departments of our bleeding country; in whatever direction we turn nothing meets us but distrust, distress and ruin. We are fully convinced that a large portion of the humiliating distress now murdering the most vital interest of the people has been brought upon us by the misguided and perverse misrule of those who have worked themselves into high places of power, under the talisman influence of the word *Democracy*, when in fact we believe that the whole of their official acts are at war with the vital spirit of liberty and

otism and honest integrity, is a safe guarantee that he will use all prudent means to restore the administration of the government to its former purity—that he will be the President of the people and not the President of an exclusive party. In him we see a man well qualified for the crisis, and in his political doctrines as published to the world, we have entire confidence; therefore,

Resolved, That we highly approve of the nomination of Wm. H. HARRISON for President, and JOHN TYLER for Vice-President of these United States.—That we have the fullest confidence in their patriotism, wisdom and virtue, and that we will use all honorable means in our power to aid in their election.

Resolved, That we as southern men condemn the charges made against Gen. Harrison, by the Van Buren party, of being in favor of Congress interfering with the subject of slavery in the south, as being utterly groundless, and only for political effect.

Resolved, That we will use all laudable means to diffuse all information of the political doctrines, and important public services of Wm. H. Harrison, the whig candidate for President, and that we request the whigs of the different neighborhoods in this county, and the adjoining counties, to form similar associations.

Resolved, That the Chairman and Secretary sign the foregoing preamble and resolutions, and that the Secretary furnish a copy to the editor of the *Conservative*, at Holly Springs, and the *Enquirer*, Memphis, with a request to publish.

THOS. LANE, Chair'n
THORNTON DAVIS, Sec'y
The meeting then adjourned.

CONGRESSIONAL—IMPORTANT!

The following is from the National Intelligence's report of the proceedings of the House of Representatives of June 11th. Read it, loco-focos, and answer for your "Northern man with Southern principles."
"The President finds nothing in the proceedings in the case of Lieutenant Hove which requires his interference."

Here is a citizen of the South and an officer of our gallant Navy, disgraced and banished from the service of his country on the testimony of Negroes, and the Washington Daily "finds nothing which requires his interference." How have his principles changed since he gave his vote for "free negro suffrage?" Are these his "Southern principles?" Answer for him, ye who cling with Janus-faced standard. Will you not be forced, compelled to say of him, as John Randolph said of Old Ritchie, "He is a man of seven principles.—All *Democracy* and *Liberty*." He is possessed of
