The proposed paper is designed to be a journal of NEWS—in the strictest sense of the word, a NEWSPAPER. devoted to the dissemination of Commercial, Agricultural and Mechanical Intelligence; to Internal Improvements (particularly to the connection of the Atlantic coast with the Mississippi River); to the interest of the new Town of La Grange and Memphis Rail Road Company; will give a general epitome of the current events of the world; and also furnish a sufficient quantity of Literary, Miscellaneous and Interesting matter, to render it a pleasing companion on the fire side.

The commercial Department will attract strict attention. Correspondence published with the principal Cities of the United States, in order to furnish the latest and most accurate information on the subject of Prices Current, Money and Exchange Intelligence, both Foreign and Domestic, for the information of Merchants, the Planter, the Manufacturer, and all whose interest is in any way connected with trade.
