Candidates for Tax Collector.

We are authorized to announce R. G. KYLE, as a Candidate for Tax Collector, for Marshall county—Election to take place in November next

Our Circuit Court commences its May Term on Monday next; where, there will be doubtless a good deal of business. But the docket is reduced to one fourth, since last June Court—or may be to less—Times are improving.

Is it not time our Candidates for Congress were doing something? This way of putting off the fight until it will all have to be fought at once, without an intermission for reflection, is what we do not approve of. Our champions ought to remember what plausible people the Democrats are. And we hope that our leaders will take the field as early as possible, and begin to reason with the people.

The Candidate for Governor, we understand is making preparations to take the field. And now our candidates for Congress should grasp their battle-axes, and go forth to gather laurels in the name of truth.

We see that an officer of our Navy has invented a plan for an arrangement of steam machinery, so as to palliate the powerful effects of those dreadful weapons of destruction and death—the Paixhan guns.

On Monday the 31st inst. a sacred Concert will be given in the Episcopalian Church in this place, under the superintendance of the Pastor of that Church. To those who heard the performance on a previous occasion, we need not set down ought in commendation. To those who did not take the opportunity of hearing it before, we would say that they would do well to attend. Its object is to "Raise the genius, and to mend the heart," and to pay for the Organ.

We discover that many of our enterprising merchants, notwithstanding the great difficulty in the exchanges, are receiving large and handsome stocks of fancy dry goods; but we are really afraid the folks won't find it out;—If they will call upon us, we can devise some plan whereby such information may be disseminated,

To the great joy of all the surrounding country, we have just been blessed with a copious rain, which seems to have hung a bran-new apron upon the far hills,

principle in the human mind, th which no good mind would qu ly, that the heart of a huma have some earthly object upon ish the tide of its secondary mean those secondary only to we owe to God.) It fixes a star firmament, whose soft effulgence back the descending twilight of. But one principle of the sub held in caution:—run not v embraces, expecting, without consideration, that earthly b inevitable consequence. Such only desirable from a most l rence of many indispensable. Such as an entire congeniality position, and general assoc writer does not mean an eq mind, but character of intellec

If Newton were in life again of a companion, it is probab actuated by the popular fall and search the wide world ov a mind as his own, (which in never find among the softer se fit object to possess his love; a be so unfortunate as to succ one, comparatively strong of hier, ten to nothing, he wo There would be a grandeur the part of both, which wou ting family jars about the planetary system; and like t in one sea, they would be for-
