Holly Springs, January 7th, 1842.

MEDICAL NOTICE.

THE Partnership existing for the last two years between Doctors REED & CARUTHERS, in the practice of Medicine, is dissolved this day by mutual consent.

DR. REED has removed to the country, and located himself upon Cold-Water, 10 miles north-west of Holly Springs, where he will be pleased to receive the calls of his friends in the line of his profession.

DR. CARUTHERS remains in Holly Springs, and may be found at his residence, or at the former office of Messrs Reed & Caruthers, except when absent on professional business; and hopes to receive the patronage of the late firm.

As they have been very indulgent to their patrons, and a dissolution having taken place, it becomes necessary that their business should be closed. Those who cannot pay them in money, which they are in great need of, will at least close their accounts by note. Either of the former partners is authorized to settle the accounts of the firm.

W. S. REED.
S. O. CARUTHERS.

Ho! ve red heads and GRIENING MEN IN CHEMISTRY INDIA HAIR DYE.

Colors the Hair, and will not tinge the skin.

THIS dye is in the form of a powder, and in plain matter of fact may be applied over night, the next morning turning the lightest hair to a dark brown, and the second or third time to a bright jet black. Any person may therefore, without possible trouble, keep his hair any dark shade black; with a positive assurance that the powder will not color it. There is no need of moving it from the hair, as in all powders. By an occasional application, a person turns never be known to have a grey hair. Direct with the article. There is no coloring in it as one can easily test.

These facts are warranted by the manufacturers of it, who is the celebrated chemist, author of Comstock's Chemistry, & many other works well known and widely used by the public.
