**Miss. M. GONEKE**—Music on Piano Fort,  
**Mrs. SARAH B. THOMPSON**, Matron.

Arrangements are in progress for an additional teacher in the literary department.

No pains will be spared on the part of the faculty to contribute in forming the character of the pupils, after the most approved models of excellence as developed by refined society and christian morality.

A strict and uncompromising discipline shall be maintained, without which all efforts to teach must prove vain and useless. Although firm and inflexible, it shall be tempered with kindness and affection, and therefore no young ladies will be received as members of this Institute, whose parents or guardians will not yield to this highly necessary and salutary regulation.

The year will be divided into two sessions of five months each.

**TUITION.**—One half payable in advance, and the balance at the end of the session. As a heavy disbursement will be forthwith made on the building, it is hoped that the fees will be promptly paid in advance.

No pupil received for less than a session. No deduction for absence, except in cases of protracted sickness. Pupils entered any time previous to the middle of the session, will be charged the same as if entered at the beginning.
