**DR. SPENCER'S ANTI-BILIOUS & ANTI-  
DYSPEPTIC PILLS. (No Mercury.)**  
It is well known that diseases often arise from  
a foul and disordered state of the stomach and  
bowels; and if this condition is promptly attend-  
ed to and relieved, that health would be immedi-  
ately restored. And nothing more effectual can be  
resorted to, than one or two good active doses of  
purgative medicine.

And there is nothing more suitable than pills of  
a proper character. The public have in these ve-  
getable pills the article presented to them, which  
possesses the qualities calculated to render the  
most important service in cleansing the alimen-  
tary canal; they will operate with sufficient force,  
and still with ease and safety; there is no ingre-  
dient in them that will render them dangerous as  
taking cold, or cause any particular care in diet  
necessary. They have been used by the proprie-  
tor, with abundant success in an extensive medi-  
cal practice for many years. He can therefore  
confidently recommend them to public patronage.  
It is not vainly pretended that they will cure all  
diseases, but they will answer the purposes for  
which they are offered, as well as any purgative  
medicine that can be produced; and by being taken  
when that description of medicine is needed, may  
save a person from threatened disease, at a very  
small expense, and without loss of time; a person  
can take them without any interruption of his cus-  
tomary employment.

The proprietor does not recommend these pills  
as a specific or cure for all diseases, but he par-  
ticularly recommends them to be the safest and  
best medicine that can be taken in the prevention  
and cure of Bilious Fever, Fever and Ague, Dys-  
pepsia, Liver complaints, Sick Headache, Enlar-  
gement of the spleen, Jaundice, Asthma, Dropsy,  
Rheumatism, Piles, cholera, Female Obstructions,  
Heartburn, Nausea, Furred Tongue, Distention of  
the stomach and Bowels, Incident Diarrhoea, Flat-  
ulence, Habitual costiveness, Loss of appetite,  
Blotched or sallow complexion, and in all cases of  
Torpor of the Bowels, where a cathartic or an aper-  
ient medicine is needed. They are ex-  
ceedingly mild in their operation, producing neither  
nausea, griping or debility. They contain not a  
particle of mercury, or any ingredient that does  
not act in harmony and oppose disease.

The Pills are neatly put up in boxes, containing  
20 Pills—Price 25 cents.

**RECOMMENDATIONS.**—We do hereby certify that  
we have used Dr. Albert Spencer's Vegetable anti-  
Bilious Pills; and found them a safe and active  
purgative, attended with very beneficial effects;  
and we therefore recommend them to public no-  
tice.
